Correction: BMC Medicine 20, 223 (2022)
https://doi.org/10.1186/s12916-022-02421-1

The original article [1] contains numerical errors in the following sentence regarding median irOS:

‘Additionally, CLDN18.2-positive group had shorter OS and irOS than CLDN18.2-negative group (median OS: 23.33 vs. 36.6 months, P < 0.001; median irOS: 10.03 vs. 20.13 months, P = 0.044, respectively).’

The sentence should instead read as follows:

‘Additionally, CLDN18.2-positive group had shorter OS and irOS than CLDN18.2-negative group (median OS: 23.33 vs. 36.6 months, P < 0.001; median irOS: 9.27 vs. 12.83 months, P = 0.044, respectively).’

Reference

†Keren Jia and Yang Chen contributed equally.

The original article can be found online at https://doi.org/10.1186/s12916-022-02421-1.
